

# Curriculum Vitae

## Henry Kvinge

Office Address: Mathematics Department  
Colorado State University  
1874 Campus Delivery  
Fort Collins, CO 80523-1874

Email Address: [hkvinge@gmail.com](mailto:hkvinge@gmail.com)  
Homepage: <https://hkvinge.github.io>  
Date of CV: September 2017

### Education/Employment

- 2017 – **Postdoctoral Fellow**, Colorado State University  
2011-2017 **Ph.D. in Mathematics**, University of California, Davis.  
Advisor: Monica Vazirani.  
Thesis: *A Categorification of the Crystal Isomorphism  $B^{1,1} \otimes B(\Lambda_i) \cong B(\Lambda_{\sigma(i)})$  and a Graphical Calculus for the Shifted Symmetric Functions*  
2004-2010 **B.S. in Mathematics, B.A. in Biochemistry**, University of Washington,  
*Magna Cum Laude*  
Advisor: Sara Billey.

### Research interests

Representation theory, categorification, algebraic combinatorics, crystal graphs, Lie theory, Heisenberg categories, symmetric groups and their generalizations, symmetric functions, noncommutative probability theory.

### Grants and fellowships

- 2017 Travel grant to give talk at Formal Power Series and Algebraic Combinatorics (FPSAC) Conference.  
2016 Travel grant to present poster at Formal Power Series and Algebraic Combinatorics (FPSAC) Conference.  
2015 Travel Grant to speak at AMS Fall Sectional at Loyola University  
2013 Graduate Assistance in Areas of National Need Fellowship (summer)  
2012 NSF VIGRE Fellowship (summer)

### Publications and preprints

- *Khovanov's Heisenberg category, moments in free probability, and shifted symmetric functions* (with Anthony Licata, Stuart Mitchell), arXiv:1610.04571 (2016).

Extended abstract in Proceedings of the 29th International Conference on Formal Power Series and Algebraic Combinatorics, Sminaire Lotharingien de Combinatoire, 78B.63 (2017), 12 pp.

- *Categorifying the tensor product of the Kirillov-Reshetikhin crystal  $B^{1,1}$  and a fundamental crystal* (with Monica Vazirani), arXiv:1508.04182 (2015).

Extended abstract in Proceedings of the 28th International Conference on Formal Power Series and Algebraic Combinatorics, Discrete Math. Theor. Comput. Sci. Proc. (2016), pp. 719-730.

### Selected talks

- 2017 September, Rocky Mountain Combinatorics Seminar - Colorado State University  
*Khovanov's Heisenberg category, moments in free probability, and shifted symmetric functions*  
2017 July, Formal Power Series and Algebraic Combinatorics Conference (FPSAC), London  
*Khovanov's Heisenberg category, moments in free probability, and shifted symmetric functions*

- 2016 October, AMS Sectional - University of St. Thomas, Minneapolis (invited talk)  
 Special Session on Combinatorial Representation Theory  
*A surprising connection between Khovanov's Heisenberg category and the asymptotic representation theory of symmetric groups.*
- 2016 September, Arizona State University Discrete Math Seminar  
*A graphical calculus for the shifted symmetric functions.*
- 2016 March, University of Oregon, Algebra Seminar  
*The influence of the Kirillov-Reshetikhin crystal  $B^{1,1}$  on the structure of simple cyclotomic KLR modules.*
- 2016 February, University of Washington, Algebra and Algebraic Geometry Seminar  
*The influence of the KR crystal  $B^{1,1}$  on the structure of simple cyclotomic KLR modules.*
- 2016 January, UC Berkeley (invited talk)  
 Berkeley/Davis Combinatorics Gathering  
*The influence of the KR crystal  $B^{1,1}$  on the structure of simple cyclotomic KLR modules.*
- 2015 October, AMS Sectional - Loyola University, Chicago (invited talk)  
 Special Session on Combinatorial and Geometric Representation Theory  
*The influence of the KR crystal  $B^{1,1}$  on the structure of simple cyclotomic KLR modules.*
- 2015 October, UC Davis Algebra and Discrete Math Seminar  
*The influence of the KR crystal  $B^{1,1}$  on the structure of simple cyclotomic KLR modules.*
- 2013 September, Arizona State University Discrete Math Seminar  
*The Okounkov-Vershik approach to the representation theory of the symmetric group*

### Poster presentations

- 2016 July, Formal Power Series and Algebraic Combinatorics Conference (FPSAC), UBC  
*Categorifying the tensor product of the KR crystal  $B^{1,1}$  and a fundamental crystal*
- 2016 June, US-Mexico Conference on Representation Theory, Categorification, and Noncommutative Algebra, USC  
*Khovanov's Heisenberg category and the asymptotic representation theory of symmetric groups*

### Teaching activities

#### Courses taught at UC Davis

- 2016 Summer Combinatorics (Math 145)
- 2015 Winter Calculus for Biology and Medicine (Math 17B)

#### Discussion sections led at UC Davis as a teaching assistant

- 2017 Spring Calculus (Math 21A)
- 2017 Winter Calculus (Math 21A)
- 2016 Fall Calculus (Math 21A)
- 2016 Spring Calculus (Math 21C)
- 2016 Winter Calculus (Math 21A)
- 2015 Fall Calculus (Math 21A)
- 2015 Spring Euclidean Geometry (Math 141)
- 2014 Fall Vector Analysis (Math 21D)
- 2012 Spring Calculus (Math 21C)
- 2012 Winter Calculus (Math 21B)
- 2011 Fall Linear Algebra (Math 22A)
- 2011 Fall Calculus for Biology and Medicine (Math 17A)

**Management Positions**

- 2012 – 2014    Managed the UC Davis Calculus Rooms. This involved staffing the rooms with the ~30 teaching assistants who worked there, handling student feedback, acting as a liaison between teaching assistants and the department staff, and generally finding ways to make this resource more useful to students.

**Service**

- 2013 – 2016    Graduate mentor for the Women in Science and Engineering (WISE) Mentoring Program. WISE Mentoring Program aims to further gender equity in the fields of science, technology, engineering, and mathematics (STEM) by providing a supportive, gender positive environment in which students work together with mentors to achieve their academic and professional goals.
- 2011– 2016    Volunteer math tutor for STEM Café (formally known as Math Café), a tutoring center that serves women and other underrepresented groups in math. STEM Café provides a supportive and non-competitive study environment for women in the STEM fields. It involves weekly evening meetings, two hours in length, where members gather to study and do homework in groups.
